***“Unlock your inner energy potential”***

Unlock your inner energy potential with a brand-new instant coffee. Inner energy is the coffee you love now with added benefits! Reduce your physical fatigue and tiredness without additional caffeine, low calories and the prepared NESCAFE' UNLOCK INNER ENERGY drink is sugar free (as prepared).

We have two different flavours: Classical Coffee and a Refreshing Coffee Mint. Be surprised and experience our limited editions.

This product is powered by three simple ingredients.

First of course are the delicious coffee beans. Our coffee is grown responsibly and passionately crafted with single origin 100% Arabica coffee beans from Columbia.

Next is our unique and innovative olive leaf extract. Olive leaf extract is an incredible natural ingredient. The olive plant is one of the most ancient, cultivated plants and has been around for centuries. The olive fruits are the most commonly used part of the plant but the olive leaves and their extract have also been used in tradition. In fact, there's increasing proof that olive leaf extract is a natural source of wellbeing.

Vitamin B6 is an essential nutrient found in many protein-rich foods. Among many things, it helps your body convert nutrition into sustained energy (as it contributes to a normal energy-yielding metabolism). It reduces your tiredness and fatigue so you can then conquer your day!

Preparation is easy! Simply add the sachet contents to 200-300 ml of hot water, stir it up, and enjoy! Try it over ice for a refreshingly energizing experience. It tastes great with milk and sugar so drink this coffee just the way you like it and follow our Instagram page to get some coffee recipe suggestions @Unlock\_inner\_energy.

Our pack was designed to take it with you, 10 sachet to take wherever, whenever. Throw it your bag to try it where you prefer, outside, a day at work, before going to your gym session, or your day with the kids!

Unlock your Inner Energy Potential with our limited-edition NESCAFE' UNLOCK: INNER ENERGY.
